EXPERIENCE

HEXAWARE TECHNOLOGIES | Software Engineer
March 2022 - Present | Chennai, India
- I am working as a member of the development team for an European-based Insurance Company as a **Guidewire ClaimCenter Developer**.
- I have contributed to the **development** of an **end-to-end communication portal**. This Innovative solution has **effectively decreased** email correspondence by **34%** and phone calls by **24%**, leading to improved customer satisfaction .
- Primarily focusing on managing tickets and incidents, **implementing code changes** for Activity Patterns, Notes, Note templates, Validations, Enhancements, STP rules, document generations and similar configurations and integrations.
- experienced in working in defects in **Continues integration and deployment(CI/CD)** of containerized products in **UAT** and **Production** environments.
- Monitoring task progress using **Jira** while adhering to **SAFe Agile** principles.
- **Teaming up** with the Business Analyst to deepen our grasp of requirements, while also aiding the QA team in executing tests within more advanced environments.
- **Mentored** new joiners in project with various technical queries during their initial period.

PROJECTS

AMAZON CLONE WEBSITE | · React js · Firebase
Dec 2023 – Jan 2024
Visit website:// **Amazon Clone Website**
Developed Amazon clone website with React js, demonstrating the versatility of full-stack development.
It mainly features -
- login page with User Authentication for secure access.
- Username on Checkout page.
- Payment processing using Stripe.
- Order history page with Realtime Database.
- Leveraged cloud functions for enhanced functionality.

CHATTING APPLICATION | · Node js · Socket.io
Mar 2024 – Mar 2024
- Developed a realtime chat application using Node.js and Socket.io.
- It allows multiple users to join conversations and receive notifications when others join or disconnect.

CERTIFICATIONS

2022	Microsoft Azure Fundamentals(AZ-900)
2024	Guidewire Certified Associate- InsuranceSuite Developer- Innsbruck
